Power Seller Fact Sheet

What is a Power Seller?

- A seller who brings more than 300 items to the event.
 - Each tag counts as one item (one tag may contain multiple items such as shorts paired with a top). The total item count is based on what is dropped off - not necessarily what is in the seller's tagging account

Do Power Sellers need to schedule a specific drop-off appointment?

- Power Sellers are required to schedule a Power Seller drop-off appointment. These appointments can be scheduled on our website. (email kelly@jbfsale.com if you are unable to make the Power Seller drop-off time)

Are Power Sellers charged any additional fees?

- Power Sellers are charged a \$30 fee for every 300 items after the first 300 (ex: 695 items = \$60) This fee is in addition to the \$15 Seller fee. The \$30 fee is waived for sellers who:
 - mark ALL of their items to donate.
 - complete a two-hour sort shift for every \$30 fee

How can I schedule a sort shift?

- Sort shifts can be scheduled by logging into your account and selecting the gray "HELP AT THE SALE" button.

How do I earn an extra 10% of my sales + fulfill the sorting requirement?

- Power Sellers can earn an additional 10% of their items sales by completing a four-hour Team Member shift in addition to sort shift/\$30 Fee(s).
